STEEL FINISHES POWDER COAT

STANDARD FINISHES

Proudly made in the USA, each Design Specialties door is hand crafted to the specifications of each order. Due to the nature of the anodizing, plating and powder coat processes, slight variations in color may occur. In particular, finishes including, but not limited to, Forged Iron, Sierra Copper, Rustic Copper, Black Silver Edge and Black Copper Edge.

ARTISAN FINISHES

Variations in color and shade are inherent in all printing processes, the actual colors may vary slightly from those shown in this brochure. Please visit your local dealer to view a sample.

The Panorama Series of built-in electric fireplaces have been designed to give you maximum flexibility in selecting a unit that perfectly suits your needs.

This stunning line of built-in electric fireplaces offers 40" - 88" length units. These units are also available in Deep (12") or Slim (6-3/4") depths and in indoor or outdoor rated models. You choose what works best for your residential or commercial application.

Our units give you multiple length and depth options as well as giving you the ability to install your fireplace with your choice of finishing material built right to the glass for a "clean face" design or using the provided black metal surround. Your choice - your design!

Featuring the vibrant Fire & Ice flame set, with just a click of your remote you can easily change the flame color from blue to purple, violet, orange or yellow.
